

ACR Internship For Students Opportunities 2026

Description

The American College of Radiology (ACR) invites talented and motivated students to apply for internship opportunities in 2026. Join a prestigious organization at the forefront of advancing patient care through innovative practices in radiology and medical imaging.

Responsibilities

- Assist in research and analysis related to advancements in medical imaging technologies.
- Support the planning and execution of educational programs and events.
- Contribute to the development of communication materials, reports, and publications.
- Collaborate with ACR teams on projects related to healthcare policy and advocacy.
- Engage in outreach activities to promote awareness of ACR initiatives.
- Participate in team meetings, workshops, and training sessions.

Qualifications

- Currently enrolled in an undergraduate or graduate program (e.g., Health Sciences, Public Health, Communications, or a related field).
- Strong academic record and a genuine interest in healthcare and medical imaging.
- Effective communication and interpersonal skills.
- Analytical mindset and problem-solving abilities.
- Ability to work independently and collaboratively in a team.
- Proficient in Microsoft Office Suite.

Experience

- Previous coursework or experience in healthcare, medical imaging, or related fields is advantageous.
- Familiarity with healthcare policy and advocacy is a plus.

Skills

- Analytical and critical thinking skills.
- Strong research and data analysis capabilities.
- Excellent written and verbal communication skills.
- Detail-oriented with strong organizational abilities.
- Adaptability to a fast-paced work environment.

Job Benefits

- Hands-on experience in a leading organization in the field of medical imaging.
- Networking opportunities with healthcare professionals and experts.
