Space Force Internship Students Opportunities 2026

Description

Contribute to the Space Force's mission by working on real-world projects in various areas like:

- Aerospace engineering
- Cybersecurity
- Satellite operations
- Space policy and analysis
- Communications

Responsibilities

Duties will vary based on the specific internship, but may include:

Assisting with research and development projects
Data analysis and technical tasks
Supporting mission planning and operations
Contributing to presentations and reports
Gaining firsthand experience in Space Force operations

Qualifications

- Gain valuable experience in the exciting space industry
- Work alongside experienced Space Force professionals
- Network and build connections for future careers
- Deepen your understanding of space technology and its applications

Experience

- U.S. citizenship is required
- Be enrolled in an accredited undergraduate or graduate program in a relevant field (e.g., aerospace engineering, computer science, physics)
- Minimum GPA of 3.0 or higher (usually)

Skills

- Strong analytical and problem-solving skills
- Excellent written and communication skills
- Ability to work independently and collaboratively
- Proficiency in relevant software (may vary by program)
- Interest in space exploration and technology

Job Benefits

- Previous internship experience (a plus)
- Relevant coursework or research projects (preferred)

22201, Arlington, Virginia, United States

Working Hours

8

Base Salary

10

Date posted

August 15, 2026

Valid through

21.04.2027

How To Apply

The Space Force does not advertise internships directly. Here's how to find opportunities:

- **University Partnership Program (UPP):** Schools with Air Force ROTC programs or affiliations with the Space Force may offer UPP internships. Contact your university's career center or ROTC department for details.
- **USAJOBS:** Search for "Space Force Internship" on the USAJOBS website (<https://www.usajobs.gov/>). Openings are posted by various Space Force units.
- **Space Force Contractors:** Major defense contractors working with the Space Force may offer internship opportunities. Research companies and their internship programs.
